

## Bearing equipment manufacturing Co., Ltd

NA 4824 Bearing 2D drawings and 3D CAD models

### NBS NA 4824 needle roller bearings

Bearing No. NA 4824

|                               |               |
|-------------------------------|---------------|
| Size                          | 120x150x30 mm |
| Bore Diameter                 | 120 mm        |
| Outer Diameter                | 150 mm        |
| Width                         | 30 mm         |
| d                             | 120 mm        |
| Fw                            | 130 mm        |
| D                             | 150 mm        |
| C                             | 30 mm         |
| Weight                        | 1,17 Kg       |
| Basic dynamic load rating (C) | 99 kN         |
| Basic static load rating (C0) | 239 kN        |
