

# Bearing equipment manufacturing Co., Ltd

## FYH UCFS311-32 bearing units

Bearing No. UCFS311-32

|                               |         |
|-------------------------------|---------|
| Bore Diameter                 | 50,8 mm |
| d                             | 50,8 mm |
| H3                            | 150 mm  |
| A4                            | 39 mm   |
| A5                            | 58 mm   |
| A1                            | 20 mm   |
| B                             | 66 mm   |
| J                             | 140 mm  |
| L                             | 185 mm  |
| N                             | 23 mm   |
| S                             | 25 mm   |
| Bolt (G)                      | M20     |
| A2                            | 17 mm   |
| A3                            | 13 mm   |
| Weight                        | 6,1 Kg  |
| Basic dynamic load rating (C) | 71,6 kN |
| Basic static load rating (C0) | 45 kN   |

UCFS311-32 Bearing 2D drawings and 3D CAD models
